### Push-Button Wafer Wand Kits

The lightweight push-button wafer wand is designed for connection to continuous vacuum systems. Operation is controlled by pushing the button. This tool can be used with an in-house vacuum system or with one of Virtual Industries high performance continuous vacuum systems. Can be used with all of our press-fit tips, adapters and vacuum hoses. Vacuum normally on – Push button to shut off vacuum and to release the wafer. Handling tool constructed from Static Dissipative Delrin. The source vacuum is shut off when the handle is placed in the holder.

<b>VWWB-2A-MW4-1/16</b>	PUSH BUTTON KIT - Includes a wafer wand for 1/16" ID vacuum hose, (VCH-1/16-6) 6' of coiled 1/8" ID vacuum hose, a VBM-2 holder for the wafer wand and a VMWT-A wafer tip which handles wafers up to 4".
<b>VWWB-2A-MW6-1/16</b>	PUSH BUTTON KIT - Includes a wafer wand for 1/16" ID vacuum hose, (VCH-1/16-6) 6' of coiled 1/8" ID vacuum hose, a VBM-2 holder for the wafer wand and a VMWT-B wafer tip which handles wafers up to 6".
<b>VWWB-2A-MW8-1/16</b>	PUSH BUTTON KIT - Includes a wafer wand for 1/16" ID vacuum hose, (VCH-1/16-6) 6' of coiled 1/8" ID vacuum hose, a VBM-2 holder for the wafer wand and a VMWT-C wafer tip which handles wafers up to 8".
<b>VWWB-2A-MW12-1/16</b>	PUSH BUTTON KIT - Includes a wafer wand for 1/16" ID vacuum hose, (VCH-1/16-6) 6' of coiled 1/8" ID vacuum hose, a VBM-2 holder for the wafer wand and a VMWT-D wafer tip which handles wafers up to 12".

<b>VWWB-2A-MW4-2.5mm</b>	PUSH BUTTON KIT - Includes a wafer wand for 2.5mm ID vacuum hose, (VCH-2.5mm-6) 6' of coiled 2.5mm ID vacuum hose, a VBM-2 holder for the wafer wand and a VMWT-A wafer tip which handles wafers up to 4".
<b>VWWB-2A-MW6-2.5mm</b>	PUSH BUTTON KIT - Includes a wafer wand for 2.5mm ID vacuum hose, (VCH-2.5mm-6) 6' of coiled 2.5mm ID vacuum hose, a VBM-2 holder for the wafer wand and a VMWT-B wafer tip which handles wafers up to 6".
<b>VWWB-2A-MW8-2.5mm</b>	PUSH BUTTON KIT - Includes a wafer wand for 2.5mm ID vacuum hose, (VCH-2.5mm-6) 6' of coiled 2.5mm ID vacuum hose, a VBM-2 holder for the wafer wand and a VMWT-C wafer tip which handles wafers up to 8".
<b>VWWB-2A-MW12-2.5mm</b>	PUSH BUTTON KIT - Includes a wafer wand for 2.5mm ID vacuum hose, (VCH-2.5mm-6) 6' of coiled 2.5mm ID vacuum hose, a VBM-2 holder for the wafer wand and a VMWT-D wafer tip which handles wafers up to 12".

<b>VWWB-2A-MW4-1/8</b>	PUSH BUTTON KIT - Includes a wafer wand for 1/8" ID vacuum hose, (VCH-1/8-6) 6' of coiled 1/8" ID vacuum hose, a VBM-2 holder for the wafer wand and a VMWT-A wafer tip which handles wafers up to 4".
<b>VWWB-2A-MW6-1/8</b>	PUSH BUTTON KIT - Includes a wafer wand for 1/8" ID vacuum hose, (VCH-1/8-6) 6' of coiled 1/8" ID vacuum hose, a VBM-2 holder for the wafer wand and a VMWT-B wafer tip which handles wafers up to 6".
<b>VWWB-2A-MW8-1/8</b>	PUSH BUTTON KIT - Includes a wafer wand for 1/8" ID vacuum hose, (VCH-1/8-6) 6' of coiled 1/8" ID vacuum hose, a VBM-2 holder for the wafer wand and a VMWT-C wafer tip which handles wafers up to 8".
<b>VWWB-2A-MW12-1/8</b>	PUSH BUTTON KIT - Includes a wafer wand for 1/8" ID vacuum hose, (VCH-1/8-6) 6' of coiled 1/8" ID vacuum hose, a VBM-2 holder for the wafer wand and a VMWT-D wafer tip which handles wafers up to 12".

### Push-Button Wafer Wands

<b>VWWB-2A-SD-1/16</b>	For 1/16" (1.59mm) ID hose, wafer wand only
<b>VWWB-2A-SD-2.5mm</b>	For 2.5mm (2.5mm) ID hose, wafer wand only
<b>VWWB-2A-SD-1/8</b>	For 1/8" (3.18mm) ID hose, wafer wand only

### Push-Button Wafer Wand Holder

This series of holders for the VWWB series of wafer tweezer wands holds the wafer wand and turns off the vacuum air when not in use.

<b>VBM-2</b>	Bench mount wand holder
--------------	-------------------------

### Slide Switch Wafer Wands

<b>VWW-2-SD-1/16</b>	For 1/16" (1.59mm) ID hose, wafer wand only
<b>VWW-2-SD-2.5mm</b>	For 2.5mm (2.5mm) ID hose, wafer wand only
<b>VWW-2-SD-1/8</b>	For 1/8" (3.18mm) ID hose, wafer wand only

### Slide Switch Wafer Wand Holder

This holder for the VWW-2 series of wafer tweezer wands holds the wafer wand when not in use.

<b>VBM-4</b>	Bench mount holder. Can be used with any of our vacuum handles and pens.
